

GATES AND ACCESSORIES

TruClose Self-Closing Hinges for Timber/Vinyl and Composite Gates

Overview

- Self-lubricating
- Gates will not sag
- Adjustable for gate weight/speed control
- Optional alignment legs for extra strength
- Suitable for timber, vinyl & composites
- Stainless steel springs mean no stains from rust

TruClose® Heavy Duty self-closing hinges are designed for use in high traffic areas, such as pool gates, gated properties, or simply where the gate weight and size demands a heavy duty hinge.

All hinges include tension adjustment to adjust closing speed and allow for gate weight.
