

LokkLatch® Regular S3

Gravity latch for lightweight gates

GATE CONTROL GEAR

LokkLatch® Regular S3 is the ideal general-purpose gate latch for many lightweight gates around the home, and factory. It takes a radical new approach to the “gravity latch” principle and combines the benefits of key-locking and reliable latching action with superior design and durable components.

Key features:

- Ideal for verandah and other small gates
- Quick and easy to install on all gate materials
- Polymer and stainless steel construction will not rust or stain
- Vertical and horizontal adjustment
- Side legs for easy alignment and greater strength
- Suitable for left or right handed gates

Product code: LL3A
